Attached is your response form, which you requested by June 29, 2017. We just received your request on this day, July 17, 2017, so it was not possible to comply.

We do not agree with you making any changes to our 1040A return for 2015. As attested in our filing we used form 4852 to correct erroneous information reported to you by payers on a 1099MISC and 1099R, since none of these payments resulted from the exercise of federal privilege. We believe our social security earnings were reported accurately on our 1040A. and owe no tax on it.

Sincerely,

Glenn [REDACTED]
