Regarding Letter 12C Dated April 7, 2017, copy Attached

My return for the tax year ending Dec 31, 2016 was accompanied by a form 4852, Substitute for form W-2, Wage and Tax Statement. Refer to the General Instructions for completing Form 4852 which state the form is used to correct erroneous information furnished on Form W-2.

I would be remiss to furnish you with a W-2 that contains erroneous information. I did furnish the name, address and payer identification associated with a W-2 on a Form 4852. I was unable to convey by contact with the payer the reasons why the W-2 was erroneous.

I believe my return for 2016 is scrupulously accurate and truthful, and I ask you therefore to process the return and forward the overpayment to me at the earliest possible time.

Sincerely yours,

S, Phelps
